National has established a website where you can find quick information on Māori Wardens.

Regions will also be able to utilise the website to socialise any important events or kaupapa in your rohe

The national entity will provide regular updates for the motu using the website so please keep an eye out

The national entity is pleased to announce 2024 TPK funding has been released to all six Māori Warden Regions. National is aware this contribution to regions is well under the need and is working closely with GOVT, NZMC and TPK to uplift this investment as it has been more than 15-years that funding has not increased

The Trust has also contributed funds to Regions to increase their capability to plan, train and operate in National events such as Waitangi, Ratana, Natural Disasters and emergency training
